

Highlight of the department

Safety organisation is committed to safe travel to his customers, for which safety organisation along with all other dept of JP division, keep on continue the various safety related activities which helps to eliminate the safety related issues. A brief of activities being carried out by safety organisation are as under-

SAFETY CAMPAIGNS

- The safety campaigns were organized at LC/UMLC Gates, Panchayats, Schools, Patrol Pumps, Dhabas, Market, Bus/Taxi stand etc. Road users have been counseled and pamphlets distributed.
- Residents of colonies near Railway track were counseled to keep stay away their children from Railway track.

SAFETY SEMINARS

- Safety seminars have been organized at stations, lobbies, training centers, coaching depots/sheds and other railway offices to counsel the Railway employees for proper observation of safety rules during train working.

SAFETY PAMPHLETS REGARDING SAFETY PRECAUTIONS

- Every month about 1000-1500 Safety pamphlets are being distributed for precautions to be taken while passing LCs.

NUKKAD NATAKS AND JAN CHETNA RALLIES

- Nukkad nataks & Jan Chetna Rallies are being conducted by safety department with the help of Scouts and Guides and Divisional Cultural team to take safety precautions while passing UMLC gates.
- Nataks & Rallies are being organized at LCs, Panchayats, Schools, Patrol Pumps, Dhabas, Market, Bus/Taxi stands.
- Students of schools of rural areas situated near LCs are being counseled to make a habit of safety precautions while passing UMLCs.

Major achievements

1. Jaipur division observed "International Level Crossing Awareness Day on 10.06.2021 in order to spread awareness among road users and to avoid any unusual incident at Manned Level Crossings. JP division has carried out extensive awareness campaigning at various Level Crossings all over the division including wide coverage through print media, electronic media and social media networks.
2. A month long mega safety drive was launched from 25.01.2022 to 26.02.2022, to identify the grey areas of maintenance issues and immediate corrective action was taken to rectify the minor deficiencies and for the major deficiencies, a short & long term planning has been done.
3. A mock drill of Self Propelled ARME based at Rewari was carried out to adjust the actual performance of the assets/equipments on date 22.12.2021 by simulating the accident of road vehicle with the train.
4. A Civil Defense day was organized on 06.12.2021 to educate the Railway volunteers for fire fighting arrangements, first aid to the injured person in case of accident and precautionary measures in case of earthquake.

5. As per HLC recommendation and extant guidelines, Railway Rescue Team of Jaipur division/NWR has been carried out a full scale disaster management exercise on 23.07.21 involving NDRF to ensure effectiveness and capabilities of disaster management at the divisional level and also build-up further necessary inputs to strengthen the disaster management system.
6. A drive regarding prevention in the fire in the running trains have been launched involving all the departments of the railways and front line staffs along with passengers have been educated to prevent fire in trains and how to operate the fire extinguisher in case of fire.
