

Safety Organisation

Objectives

Object 1 Transporting safely

Railway is carrying life and property of millions of people every day from one end to the other of the country.

Therefore it is the prime responsibility of Railways to ensure *SAFETY* to the public.

Object 2 Feeling of as safe as in mother's hands

Safety Department is dedicated to ensure safe and sure completion of the journey of all of its worthy customers irrespective of being young, old or physically handicaps.

The organization, time to time appeals the public through publication, broad casting media and through distribution of pamphlets to invite their cooperation by not abusing the Railways premises and Level Crossing Gates as to endanger safety.

Object 3 Teaching safety

Safety Department increases the sense of responsibility among the staff by educating, imparting training and counseling them.

Seminars and Nukkad natak (Street Plays) are also arranged to develop awareness among the staff and the public.

Object 4 Safety in practice

Safety Department controls the development of bad habits like negligence, drunken on duty and adopting shortcut methods and promotes alertness among the staff through ambush checks.
