NOTE

Sub:- Duty list of SAG officers-Electrical Department.

<<>>

The revised duty list of the incumbents of the posts of CECE, CEE/EEM, CEE/PLG, CEDE, CELE and CMPE/DSL are enclosed for information and necessary action.

This has the approval of GM.

D.A.:- As above.

(No. EL197/6 dated 04.07.2019)

Secy. to PCEE

**All CHOD/PHOD, DRM's
CECE, CEE/EEM, CEE/PLG, CEDE, CELE and CMPE/DSL
All Electrical Officers of HQ and Divisions/Workshops.**

PS-I to PCEE

CC:- Secy. to GM for kind information

**DUTY LIST OF SAG OFFICERS OF ELECTRICAL DEPARTMENT
NORTH WESTERN RAILWAY**

A. CHIEF ELECTRICAL GENERAL ENGINEER(CEGE)

- 1- Maintenance of all electrical assets on NWR pertaining to General services liaisoning with electricity supply and regulatory authorities for all matter related to power supply/tariffs/settlement proposals/cases and necessary correspondence with other sister Departments, Railway Board, RDSO, State Govt. Organisations such as CPWD, Lift Inspector and Fire department etc. related to Power supply maintenance.
- 2- Monitor energy consumption, power factor and Maximum Demand at various power sub-stations on the Railway and initiate appropriate measures to ensure efficient utilization of energy and to contain the energy bill.
- 3- To conduct statutory inspection of the Power supply installations periodically on behalf of PCEE under Rule 46 of the Indian Electricity Rules of assisting PCEE, & take remedial action to improve reliability/availability of power supply , water pumping installations , air conditioning etc.
- 4- Compilation of statistics regarding maintenance and operation of power supply & general services. .
- 5- Investigate equipment failures, particularly of recurring nature, initiate appropriate remedial steps to modify the design wherever required in consultation with the RDSO, also take follow-up action to ensure prompt completion of modifications ordered on all equipment held by the Railway.
- 6- Periodical review of contract demand/maximum demand of all installations of general services as per Board's guidelines.
- 7- Arrange for standardization of stores as required and preparation of drawings and specifications to facilitate procurement and plan in advance the procurement of vital stores required for maintenance and operation of electric general services and maintain effective liaison with the Stores Department at Headquarters level for prompt procurement and adequate stocking of such stores.
- 8- Coordination with PCMM for procurement of stores for power supply items, deal with all types of tenders, correspondence related to tenders of Power Supply

Secy to PCEE/NWR

items, material procurement. He will also deal with tenders under process for finalization, if any.

- 9- To prepare reply of Parliament Questions, VIP references, RTI matters, public & staff compliants, MoUs, MCDOs to RB, GM PCDO/Highlights, Shields, Annual GM inspection, Annual Narrative Report, Administrative Report, D&AR and vigilance cases. PAC & Updation of websites such as Rail Saver pertaining to General Power.
- 10-Preparation of specification and standardize the drawings pertaining to General Power Supply.
- 11-To initiate proposals for creation/extension of posts of Gazetted and non gazetted establishment pertaining to Power supply.
- 12-Conduct & monitoring various safety drives, standing member of safety committee of NWR, RSRC recommendations and liaison with PCSO.
- 13-Compliance of safety regulations in all power supply installations and general matters related to safety. Investigation of electrical accidents and issuing directives to prevent their recurrence and put up of annual report for approval of PCEE for submitting.
- 14-EIG works/approval relating to non traction areas.
- 15-Manpower planning (MPP) and bench marking for General Power & Plan the recruitment and training of staff for maintenance and operation of General power supply.
- 16-Coordination with Construction/RE/RVNL/RITES regarding power supply works in RE/construction etc.
- 17-To propose new works under various heads after critical review of all installations for improving reliability of assets & provide necessary support for technical scrutiny & sanctioned work being timely executed by Division/construction pertaining to General services.
- 18-Exercise effective technical scrutiny over items for inclusion in the M&P, Works and Rolling Stock Programmes and monitor progress of items approved in the General services.
- 19-Nodal officer for following :
 - i) Liaison with SEBs, Open access (Non-Traction) and State regulatory Commission for General services matters.
 - ii) PNM/Union matters.

R.K. Dholing

Pran
Secy to PCEE

- iii) Passenger amenities and public complaint/grievances related to them.
- iv) EIG provision implementation & EIG work approval for General Power Supply.
- v) Safety and Disaster Management.
- vi) MSG(General) meetings, track crossings & Fire Safety works in stationary application.

20-Any other work assigned by PCEE.

R. K. Arora

*Prm
Secy to PCEE*

B. DUTY LIST OF CHIEF ELECTRICAL ENGINEER/EEM

1. He will be responsible for installation & commissioning of roof top solar panels, land based solar panels, wind energy & other energy conservation works viz Provision of LED, Automation of pumps, monitoring of ACs etc. for implementation over NWR.
2. Matters pertaining to Energy Conservation Act 2001.
3. Overall co-ordination for matters pertaining to open access with the agencies associated with this such as REMCL, RVPN, Power provider etc.
4. To identify possible action for use of non conventional energy and their implementation for the identified stations/service buildings to achieve green building rating and get the energy consumption reduced by adopting/implementing various measures.
5. To suggest and conduct areas for Energy Audit of electrical installation and follow up.
6. Matters related with REMCL, EESL etc.
7. All issues related to PAT, CDM (clean development mechanism).
8. Availing power through IPPs.
9. Co-ordination with Ministry of Power, Central Electricity Authority, CERC and SERCs
10. Analysis of Tariff for General Services and Traction Power Supply.
11. Matters pertaining to Generation, transmission and utilization of electricity of Railways.
12. Matters pertaining to Energy conservation measures, alternative and renewable energy services.
13. Compilation of statistical data regarding energy efficiency and open access.
(GS+TRD+Solar+Wind) Overall in charge of Energy Management cell.
14. Nodal officer for the following:-
 - i) Implementation of Energy conservation, All Renewable Energy Project including Wind Mills, Carbon emission reduction under Clean Development Mechanism (CDM)-Preparation of PDD etc.
 - ii) Open access and related matters.
15. Any other work assigned by PCEE.

Secy to PCEE

C. CHIEF ELECTRICAL ENGINEER/PLANNING

1. He will be responsible for Planning, coordination and technical scrutiny of the works programme, RSP, M&P, out of turn proposals for all type works and Coordination with other departments on behalf of electrical department.
2. Coordination with divisions/workshops and other departments in matter relating to Survey, Planning & Estimation of work and monitoring and review of works under various plan heads.
3. To coordinate for Manpower planning (MPP) and bench marking, creation/extension of posts of Gazetted and non gazetted establishment of Electrical Department.
4. To look after general administration/establishment of PCEE office including works & tenders of PCEEs office, D & AR and vigilance cases.
5. Budgeting and control over expenditure and Monitoring & Review of works under various plan heads.
6. Nodal Officer for the following:
 - i) All revenue and capital proposals for new work, monitoring and review of works under various plan head, GST, M&P, RSP and Budget control of Electrical Department.
 - i) VIP references, MoU, MCDO, SOP, Annual GM inspection, Annual Narrative Report, Administrative Report etc.
 - ii) ESC and other meetings.
 - iii) RTI matters, CPIO of Electrical Department.
 - iv) Parliament Question, Rajbhasha, E-drishti, Shramik kalayan portal, E-office and other IT related issues.
 - v) Training school/training manager.
 - vi) Audit Para and reply on audit observations.
7. All electrical works to be included in Works Programme etc.
8. M&P, RSP, Revenue Budget related to Traction Distributed and General Services and Carriage /Electrical.
9. Finalization of replies to Audit Para, overall coordination of Parliamentary matters.
10. Railway Reforms Committee and other general recommendation.
11. Co ordination with Planning Directorate for allocation of funds and Annual Plan.
12. Any other work assigned by PCEE.

D. DUTY LIST OF CHIEF ELECTRICAL DISTRIBUTION ENGINEER(CEDE)

1. He will be responsible for operation and maintenance of all TRD installations of NWR and will also plan for creation of assets and manpower etc. for sections which are being electrified in Division.
2. He will be responsible for day to day coordination of all Electrical projects agencies doing Electrification on NWR such as RE, RVNL and RITES etc.
3. For discharging these duties he will have to ensure that proper Power and Traffic block is given to the project agencies including availability of diesel loco & crew etc. For this purpose he will have to coordinate with Division specially ADRMs/Sr.DEE/TRD etc.
4. Matters pertaining to open access with the agencies associated with this such as REMCL, RVPN, Power provider etc, pertaining to TRD.
5. Scrutiny of the layout and designs for sub-stations, OHE and other installation for compliance with the Indian Electricity Act and Rules.
6. Inspection of the completed installations, either personally as well as by deputing his officers for compliance with the safety requirements.
7. To recommend proposals for energization of the installations after detailed scrutiny & inspection etc.
8. To conduct statutory inspection of the TRD installations periodically n behalf of PCEE under Rule 46 of the Indian Electricity Rules of assisting PCEE.
9. Investigation of TRD electrical accidents and issuing directives to prevent their recurrence and put up of annual report for approval of PCEE for submitting.
10. Normally deal with all correspondence except those involving important policy matters and expression of opinion on behalf of the Railway on major matters of policy.
11. In the event of major breakdowns/accidents, take prompt and energetic action to restore normal services at the earliest possible time and subsequently take follow-up action to investigate the cause of failure and initiate measures to prevent recurrence.
12. Co-ordinate effectively with Administrative Officers of operating and other departments on the Railway and also their counterparts in other Railways in regard to items of common interest.

R. K. Arora

Scy to PCEE

13. Maintain liaison with the Power Supply Authorities at Headquarters level in regard to continuity of supply, tariff and policy matters.
14. Keep a close watch over the day-to-day performance of traction services and tighten up preventive maintenance where required.
15. Plan and review the organizational set-up required for satisfactory maintenance and operation of the electric traction services.
16. Exercise effective technical scrutiny over items for inclusion in the M&P, Works and Rolling Stock Programmes and progress items approved in the programmes.
17. Plan in advance the procurement of vital stores required for maintenance and operation of electric traction services and maintain effective liaison with the Stores Department at Headquarters level for prompt procurement and adequate stocking of such stores.
18. Arrange for standardization of stores as required and preparation of drawings and specifications to facilitate procurement.
19. Study and analyze the periodic statistical returns on electric traction and initiate appropriate remedial measures as required to improve efficiency.
20. Monitor energy consumption, power factor and Maximum Demand at various traction sub-stations on the Railway and initiate appropriate measures to ensure efficient utilization of energy and to contain the energy bill.
21. Ensure the prompt submission of periodical returns to the Railway Board and RDSO.
22. Budgeting and control over expenditure, particularly in regard to repair costs, energy bills and maximum demand charges.
23. Carry out studies regarding the feasibility and economics of electrification of additional sections in consultation with the Operating and Accounts Departments and submission of proposals to the Board where found justifiable.
24. Keep in touch with modern technical developments with a view to identify applicability in railway installations to reduce operation and maintenance cost.
25. He will ensure by timely action that sufficient stocks of stores and spares are actually held by Divisions not only for meeting the day-to-day needs of maintenance and repair, but also for any emergency such as thefts of overhead conductors, uprooting of OHE masts on account of accidents, to meet urgent operational requirements such as wiring of additional lines in a yard. Take advance action to make a realistic assessment of the requirements for the whole Railway and take timely procurement action through the Stores department. Consolidation and scrutiny of requirements for the whole Railway,

R. K. Holing

Pran
sen to PGC

follow-up action in regard to the release of foreign exchange for important items and correspondence with the Railway Board as well as with procurement agencies is the responsibility of CEDE.

26. Prepare reply of Parliament Question, VIP reference, RTI matters, public & staff compliant, MoU, MCDO to RB, GM PCDO/Highlights, Shields, Annual GM inspection, Annual Narrative Report, Administrative Report, D&AR and vigilance cases w.r.t. TRD.
27. Arrange to issue Indian Railway Standard (IRS) drawings and specifications for electric traction spare parts and stores required with the approval of PCEE. Drawings and specifications to be issued will keep in view the drawings and standards issued by RDSO and manufacturers and experience of Railways etc.
28. Nodal Officer to keep Liaison with electrical supply & regulatory authorities for all matter related to power supply/tariffs/settlement proposals/cases and necessary correspondence with RDSO/Railway Board.
29. Nodal officer for EIG provision implementation for TRD.
30. Manpower Planning (MPP) and benchmarking for TRD.
31. Any other work assigned by PCEE.

R. K. Holige

secy to PCEE

E. DUTY LIST OF CHIEF ELECTRICAL LOCO ENGINEER(CELE)

1. He will be responsible for operation and maintenance of all technical & executive works related to efficient operation/utilisation of Electric Locos and operation of Diesel Locos/DEMU, all matters pertaining to Fuel & Running.
2. Safety, Punctuality, Investigation and remedial action to prevent unusual occurrence and engine failures on line.
3. In the event of major breakdowns/accidents, take prompt and energetic action to restore normal services at the earliest possible time and subsequently take follow-up action to investigate the cause of failure and initiate measures to prevent recurrence
4. Coordination with all other branches for vetting and technical scrutiny of the WP, M&P and out of turn proposals for works pertaining to Electric Locos. Monitoring of works and providing necessary support for sanctioned works being executed by the division/construction pertaining to Electric Locos.
5. Maintain close co-ordination with production units and POH workshops for supply of shop manufactured items, reducing POH time and improving reliability.
6. On behalf of PCEE, exercise administrative and technical control for the efficient planning, design, construction, commissioning, safe and economic operation and effective periodic maintenance of electric traction services.
7. To conduct statutory inspection of the Loco Sheds and trip shed etc. periodically on behalf of PCEE under the Indian Electricity Rules of assisting PCEE.
8. Maintain liaison with the Railways for quick return of overdue locomotives.
9. Monitoring diesel loco operation, management of running rooms, Crew booking points, crew lobbies etc.
10. Work out places for change of Traction of Trains in NWR.
11. Ensuring adequate supply and distribution of fuel and its rationalisation, inter Railway adjustment of fuel expenditure and PAT related issues.
12. Investigate Loco equipment failures, particularly of recurring nature, initiate appropriate remedial steps to modify the design wherever required in consultation with the RDSO etc. also take follow-up action to ensure prompt completion of modifications ordered on all equipment held by the Railway.
13. Exercise effective technical scrutiny over items for inclusion in the M&P, Works and Rolling Stock Programmes and progress items approved in the programmes.

Secy to PCEE

14. Plan in advance the procurement of vital stores required for maintenance and operation of electric locos and maintain effective liaison with the Stores Department at Headquarters level for prompt procurement and adequate stocking of such stores.
15. Arrange for standardization of stores as required and preparation of drawings and specifications to facilitate procurement.
16. Monitor energy consumption, power factor and Maximum Demand at various Loco sheds and trip sheds on the Railway and initiate appropriate measures to ensure efficient utilization of energy and to contain the energy bill;
17. Budgeting and control over expenditure, particularly in regard to repair costs, energy bills and maximum demand charges;
18. Prepare reply of Parliament Question, VIP reference, RTI matters, public & staff compliant, MoU, MCDO to RB, GM PCDO/Highlights, Shields, Annual GM inspection, Annual Narrative Report, Administrative Report, D&AR and vigilance cases w.r.t. TRS.
19. Coordination with CLW, CRS, RDSO, PCSO, PCOM, PCSTE and other Zonal Railways and Production units for issues related to Loco operation and safety.
20. To initiate proposals for creation/extension/sanction of posts pertaining to Loco operation.
21. To update statistical data pertaining to Electric Locos.
22. Timely completion of Electric Loco simulator projects and other targets.
23. Nodal Officer of punctuality, safety issues and meeting of performance review of Locos.
24. Nodal officer for speed certification for any kind of rolling stock and matters related to CRS. Safety PCDO to PCSO.
25. Nodal Officer for creation/extension/sanction of posts pertaining to Diesel loco operation. To create posts for Electric Locos for Divisions and Sheds etc.
26. Nodal officer for Loco running staff & Crew lobbies.
27. To plan conversion training of pilots (LP & ALP) including loco inspectors etc for ensuring 100% trains running on electric traction in already electrified sections & on-going RE sections.
28. To plan & execute conversion of Diesel Sheds into Electric Sheds and plan & construction of trip sheds on NWR.
29. Any other work assigned by PCEE.

R. K. Talwar

Omni
Secy to PCDO

F. DUTY LIST OF CMPE/DSL

1. He will be responsible for maintenance of Diesel locomotives and all matters pertaining Diesel Loco Sheds over NW. Railway. He will be assisted by Dy.CME/D&R for this work.
2. All technical & executive works related to efficient operation/utilization of Diesel locos and perspective planning.
3. Technical member of all SAG level Tender Cases for procurement of (Stock & non stock) Diesel items including General and RSP items and contractual works related to Diesel Sheds. Coordination with Stores Branch for procurement of quality spares and other items for Diesel locos operation.
4. Coordination with DMW, CRS, RDSO, PCSO, PCOM & PCSTE and other Zonal Railway and Production units for issues related to Diesel Loco operation & safety.
5. Nodal Officer for creation/extension/sanction of posts pertaining to Diesel loco maintenance.
6. Prepare reply of Parliament Question, VIP reference, RTI matters, public & staff compliant, MoU, MCDO to RB, GM PCDO/Highlights, Shields Annual GM inspection, Annual Narrative Report, Administrative Report, D&AR and vigilance cases pertaining to Diesel Sheds.
7. Coordination with all other branches for vetting and technical scrutiny of the WP, M&P and out of turn proposals for works pertaining to Diesel Sheds. Monitoring of works and providing necessary support for sanctioned works being executed by the division/construction pertaining to Diesel Sheds.
8. Monitoring of Parliament Question, PAC & updation of websites such as Rail Saver, e-drishti, Shramik kalayan portal, e-office and other IT related issues of diesel sheds.
9. Training Manager of Diesel staff with administrative control of Diesel Training Centres.
10. Any other work assigned by PCEE.

Secy to PCEE

LOOKING AFTER ARRANGEMENTS:

Following looking after arrangement will be followed with respect to the functional and territorial duties:

1. CECE and CEE/EEM will look after each other's work in absence of one of them.
2. CEDE and CEE/Plg will look after each other's work in absence of one of them.
3. CMPE/DSL and CELE will look after each other's work in absence of one of them.

Duty List of Group C staff of Electrical Department/HQ

POWER SECTION

A. Shri Vinod Kr. Yadav, SSE/P-I (Standby: Sh. Mukesh Meena SSE/P-II)

For all Power & Energy Efficiency Matters, he will be Overall In-charge except power store and responsible for:-

1. All Technical and Policy matters, Specifications, Quality, Modifications, Maintenance Instructions, Innovations/Improvements etc. with their Monitoring & Implementation related to Power section.
2. Preparation of Presentations, Handouts/Handing Over Notes etc. and monthly updation related to Power section.
3. Preparation, Monitoring & Implementation of all Action Plan Items (Power, Energy Conservation, Energy Consumption etc.),
4. All matters of ESC & MSG Meetings, GM/PCEE/CEGE's Conferences, Electrical Safety Week & Energy Conservation Week, POM, PREM, ZRUCC & other Meetings/Seminars/Conferences etc. including technical correspondence.
5. All matters related to Energy Conservation Awards, Tariff, Swachh Bharat Mission, LED project through EESL and Physical progress of LED through EnHM etc.
6. Inspection & Auditing of implementation of Technical & Policy instructions, Check Lists, Pocket diary size Dos & Don'ts, Uniform Maintenance Practices etc. related to Power section by Division & Workshops.
7. **All matters related to Passenger amenities including Adarsh Stations. UTS, CMS, TMS, COIS, FIOS and related correspondence.**
8. **Maintaining & Regular Updating of Statements, Drop box positions, Annexures (Power side).**
9. Provision of AC in service buildings, Quarters etc. related to Power section.
10. Energy Audits, Implementation of Energy Auditor's recommendations, PAT (Power).
11. In absence of SSE/Power/Store, description Vetting, Technical Suitability of all **Stock** Store cases of Power Supply items of all Categories including technical correspondence.
12. Any other works assigned by Electrical officers in HQ.

B. Shri Mukesh Meena, SSE/P-II (Standby: Sh. Vinod Kr. Yadav, SSE/P-I)

For all Power, & General Supply Matters, he will be responsible for:-

1. All Safety related matters & compilation, Electrical Accidents, Safety Action Plan, Technical/Safety Drives, **Unit Exchange Spares including Repair, Quality, and Innovations/Improvements etc.**
2. Preparation of Highlights, MCDO, PCDO, other monthly & periodical Reports & updation them on ftp. All Annual Reports like Narrative, Administrative, and Year Book etc.
3. Putting up of Daily Position Chart with Analysis, weekly position, Important Pending issues, Physical progress of Solar, LED, Lifts & Escalators etc (After material received at site) and correspondence regarding generation, failure of all Equipments, maintenance, AMC etc.
4. Preparing of Minutes of meeting etc., **ARTE/ARME etc. related to Power section.**
5. **Monitoring of E-office implementation in Electrical HQ Office,**
6. In absence of SSE/Power/Store, description Vetting, Technical Suitability of all **Non-Stock** Store cases of Power Supply items of all Categories including technical correspondence, Store Coordination Meetings (Power).
7. Any other work assigned by Electrical officers in HQ.

C. Shri Harkesh Meena, JE/Power Store.

For all Power Store Matters, he will be responsible for:-

1. Description Vetting, Technical Suitability of all Stock & Non Stock Store cases of Power Supply items of all Categories including technical correspondence, Store Coordination Meetings (Power) and directly report to SEE/P
2. Monitoring of Punctuality Performance including punctuality loss, Failures, Unusual Occurrences etc., Analysis and monthly update of Electrical Failures of all Equipments of Divisions & Workshops
3. Rail Saver Data updation, Any other App related to General power services.
4. Any other work assigned by Electrical officers in HQ.

C. Shri Rajpal Singh, OS/Power & Store (Standby: ~~Shri~~ Ravi Yadav, Sr. Ck/TRD)

1. Maintaining & regular updating of all Files, Marking of FR/BR, E-Dak of Letters/Documents.
2. All Correspondence & Follow up Action related to Non-Technical matters.
3. Monitoring of MP/MLA/CA-III and other VIP References, Passenger Complaints/Grievances including Correspondence and ensuring timely Replies.
4. Swachh Bharat Mission and EnHM Files and its correspondence.
5. Inspection Notes of Officers & their Compliance in coordination with others.
6. Maintaining & regular updating the list of pending letters etc. from field units & follow up.
7. Maintenance of all files pertaining to Power including Power store.
8. Any other work assigned by Electrical officers in HQ.
