

## **FORMAT TO QUOTE RATES**

### **ANNEXURE II**

All the investigation mentioned below, only CGHS rate will be considered as a upper ceiling limit, if available in future. Until then, Investigation centers may Offer the rates not mentioned in CGHS.

#### **A. ITEMS, THE RATES OF WHICH AVAILABLE IN CGHS: -**

|   |  |
|---|--|
| Discount offered on the rates mentioned in CGHS on the Item mentioned in CGHS |  |
|---|--|

#### **A. List of proposed pathologists, Radiological and other Investigations not AVAILABLE in CGHS AT PRESENT: -**

| S.No. | Name of Investigation  | Quoted rate |
|-------|--|-------------|
| 1.    | CBCT (Cone Beam computed Tomography)   |             |
| 2.    | Sputum smear A.F, B Stain  |             |
| 3.    | TPHA Test  |             |
| 4.    | ASO Titer  |             |
| 5.    | Quantitative H.C.G.  |             |
| 6.    | Blood culture & sensitivity-manual   |             |
| 7.    | Blood culture & sensitivity automated  |             |
| 8.    | Rapid AFB culture.   |             |
| 9.    | Anti-HCV.  |             |
| 10.   | CMV (Cytomegala virus )(IgG, IgM)  |             |
| 11.   | HSV {LgG, LgM}   |             |
| 12.   | Toxoplasmosis (LgG, LgM)   |             |
| 13.   | Tuberculosis (IgG, IgM, IgA)   |             |
| 14.   | Rubella (IgG,LgM)  |             |
| 15.   | Blood Alcohol Test   |             |
| 16.   | Scrub Typhus   |             |
| 17.   | ADA {P\A\CSF}  |             |
| 18.   | Allergy test {Patch}   |             |
| 19.   | Fluid{P\A\CSF} cell type cell court AFB GM Stain<br>Protein Suger, Malignment Cytology |             |

|      |  |
|------|--|
| 20.  | MRCP   |
| 21.  | Vaginal Cytology for Hormonal evaluation       |
| 22.  | Ascitic fluid Albumin, AOA                     |
| 23.  | DEXA Sean                                      |
| 24.  | Sedation charge for Inv. (any)                 |
| 25.  | Iron Profile (CGHS- divided in 3)              |
| 26.  | CT (Clotting Time)                             |
| 27.  | Sputum for AFB                                 |
| 28.  | Toxoplasmosis IGG-IGM                          |
| 29.  | HAV Ig IgM                                     |
| 30.. | Anti-phospho lipid (1GG\1GM)                   |
| 31.. | PTHRP Test                                     |
| 32.  | Anticardia Lipin antibody IgG,IgM              |
| 33.  | Chikungunya DgM                                |
| 34.  | Double marker                                  |
| 35.  | Protein electrophoresis (serum)                |
| 36.  | Urine test for Bence jones protein             |
| 37.  | ANA PROFILE                                    |
| 38.  | Allergy test-(i) inhaled (ii) food (iii) Drugs |
| 39.  | Urinary protein 24 hrs.                        |
| 40.  | Whole Body PET-CT                              |
| 41.  | CBCT   |
| 42.  | EEG  |
| 43.  | HSG  |
| 44.  | Igra Gold                                      |
| 45.  | Immune Histochemistry (IHC)                    |
| 46.  | Brucella Agglutitious test (IgM, IGg)          |
| 47.  | UGS guided FNAC                                |
| 48.  | Multiple Myeloma Panel                         |
| 49.  | Scannogram Both Lower Limb                     |
| 50.  | AMH  |
| 51.  | Triple Markar                                  |
| 52.  | Otoacoustic emissions (OAE)                    |
| 53.  | Tacrolimus blood Level                         |
| 54.  | Hb electrophoresis/ HPLC                       |
| 55.  | ANA profile                                    |

|     |  |
|-----|--|
| 56. | OPG  |
| 57. | HLA-B27  |
| 58. | Lateral Cephalogram                            |
| 59. | Mammography                                    |
| 60. | In Vetro allergy test                          |
| 61. | Free testosterone/HOMA IR                      |
| 62. | Non-Invasive prenated testing                  |
| 63. | Extractable Nuclear Antigen (ENA) Quantitative |
| 64. | UGS Guided Biopsy                              |
| 65. | Excision Biopsy                                |
| 66. | Nerve conduction studies                       |
| 67. | Trop- 1  |
| 68. | CKMB   |
| 69. | CPK-MB   |
| 70. | NT-Pro BNP                                     |
| 71. | Keton bodies in urine                          |
| 72. | IgM for Typhoid                                |
| 73. | Autoimmune hepatitis profile                   |
